AMUSEMENT LOGIC, A MULTIDISCIPLINARY TECHNICAL AND CREATIVE TEAM WHO WILL ACCOMPANY YOU THROUGHOUT ALL YOUR PROJECTS

Amusement Logic offers the widest range of specialised services and products for the outdoor hospitality industry and is considered one of the leading companies in the sector today.

We specialise in the design, planning, development and construction of tourist and leisure complexes, including turnkey projects, all over the world.

We develop any type of leisure project, regardless of its size, complexity and nature.

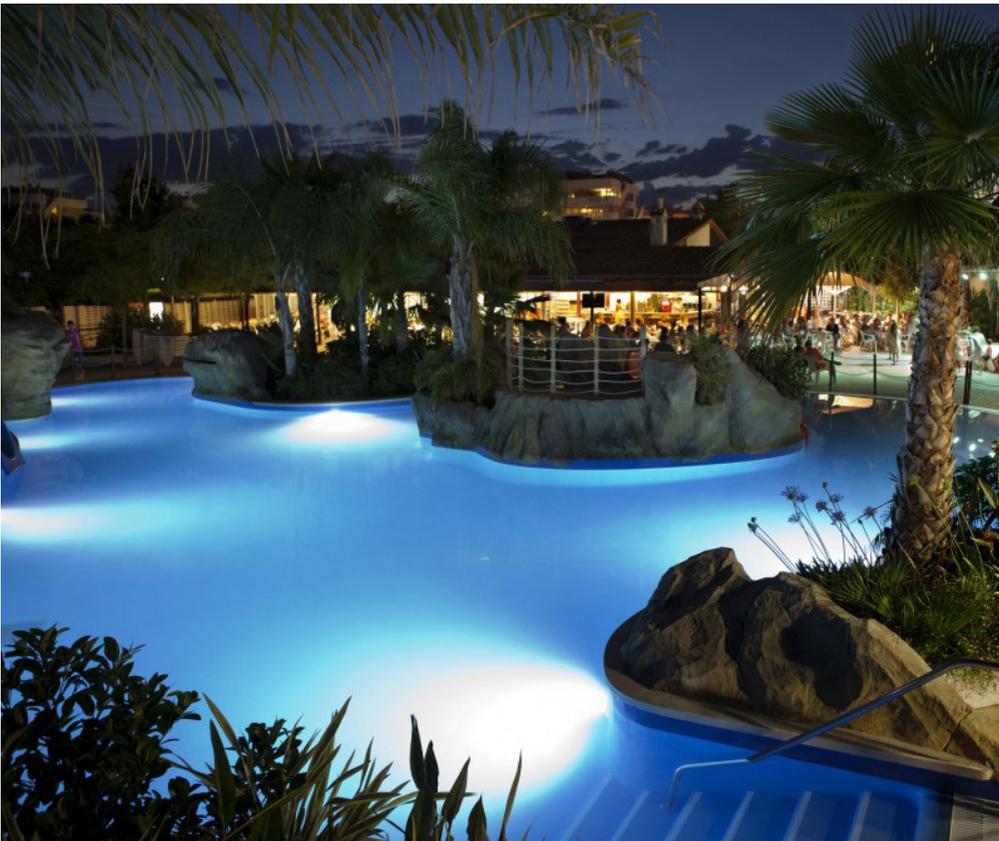

For each project we can develop:

Services and products:

- Conceptual design
- Estimation of the initial investment
- Market research and feasibility study
- Architecture and engineering
- Landscaping, green spaces
- Construction management

Construction, supply and installation of:

- Swimming pools and related equipment
- Spas & Wellness
- Children's entertainment centres
- Green areas
- Water games and play equipment
- Theming and decoration

Amusement Logic is the only company in the leisure industry that offers the widest and most complete range of services and products for the water park and camping sector.

Outdoor and indoor water parks, areas equipped with the latest attractions, themed water parks, combining areas designed for youngsters, adults or the whole family. Amusement Logic's service, tailor-made for each client, includes the park's conceptual design, the estimation of the initial investment, market and economic viability studies, architectural and engineering works, the supply of all the specialised equipment, and site construction management.

By handling each project from start to finish, Amusement Logic becomes the investor's or developer's best ally. We bring our experience and know-how from the preliminary development phase to the start-up phase, and we even help our clients in the creation and training of the operating company.

TREND-SETTER, FROM CONCEPT TO CONSTRUCTION

At Amusement Logic, each leisure project is architecturally challenging in its originality, complexity and impact.

Our design style brings the design experience, visionary skills and leisure-industry knowledge of our designers and technicians, to every project we undertake.

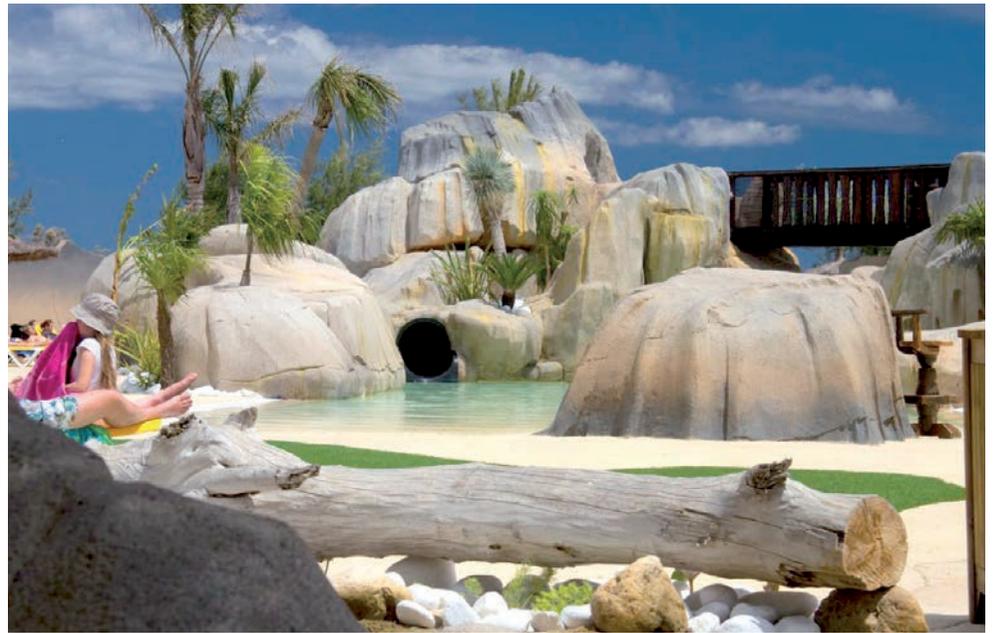

We understand the leisure client and how to design environments to meet their needs.

We also adapt to each idea and project to provide the best possible solution for our clients.

**OUR OBJECTIVE:
TO SEEK AND ALWAYS ACHIEVE
SURPRISING RESULTS**
